| <p>DNA</p> <p>In your examination you will explore an extract from DNA you have seen before in class.</p> | <p>Knowledge and understanding required:</p> <ol style="list-style-type: none"><li>1. Understanding how the meaning of a text can be interpreted and communicated to an audience</li><li>2. Understanding of subject-specific terminology.</li></ol> <p>You will have to consider how you can use different <u>performance</u> and <u>production elements</u> to create <u>impact</u> and <u>meaning</u> for an audience. You will be expected to refer to:</p> <ol style="list-style-type: none"><li>1. acting style and purpose, including vocal and physical skills</li><li>2. set and props</li><li>3. lighting and sound, including colour and music</li><li>4. costume and/or makeup</li><li>5. use of stage space and spatial relationships.</li><li>6. your understanding of characters and themes</li></ol> <p>Before the end of the half-term you will be given a resources pack including information about production elements, vocal and physical skills and exemplar responses. Please read this thoroughly.</p> |
